InvestUkraine: National Project Showcase

Dear Guests,

You are invited to join us at “InvestUkraine: National Project” showcase event for an exciting overview of the top five new investment opportunities slated to change Ukraine’s economic landscape. The State Agency for Investment and National Projects of Ukraine in association with The Consulate General of Ukraine in New York, Embassy of Ukraine to the United States, Princeton Council on World Affairs, Jaspens Capital Partners, U.S.-Ukraine Business Council (USUBC) and the Broad Street Capital Group are proud to host you today at this spectacular venue.

*We are honored to introduce to you **Hon. Serhii Pohoreltsev**, Ambassador Extraordinary and Plenipotentiary, Consul General of Ukraine in New York, **Hon. Michael G. Grimm**, Congressman of the United States of America for today’s opening addresses*

Michael Grimm’s service to the United States nation began at the age of nineteen, when he left college after his freshman year and enlisted in the United States Marine Corps. After serving in the Persian Gulf War and being awarded a Combat Meritorious Promotion Michael returned reserve status and continued his education.

While attending college full time during the day Michael went to work for the FBI. With a desire to diversify his background, Michael left the FBI for a Research Analyst position on Wall Street attaining several securities industry licenses. It was during his tenure with the Fraud Squad that Michael started his undercover career becoming the first FBI Agent to successfully infiltrate Wall Street. After establishing a reputation as a reliable, “go-to” undercover agent, Michael was enlisted to investigate corrupt politicians in New Jersey, corrupt police officers in Florida, and various other cases. Michael has relentlessly fought corruption and served our country proudly. After approximately 11 years as a Special Agent and more than 5 years serving as a deep Undercover Agent, Michael decided to leave the FBI to further expand his experience and became an entrepreneur.

Please join us at this showcase event for an exciting overview of the top five new investment opportunities slated to change Ukraine’s economic landscape. This event will provide an opportunity to meet senior Ukrainian officials, understand the latest investment climate and get an early look at some of the most attractive investment opportunities available today.

The road-show presentations will feature opening remarks and will address a number of facets including the investment climate, legal requirements and provisions for investment in Ukraine, information on the State Agency (its primary tasks and functions, the ways in which Agency can contribute to the international investors' activities etc.); moreover, the top-priority National projects of Ukraine will be presented:
